FIRE CHIEF
T. MICHAEL BURTON

December 4, 2017

To Whom It May Concern –

Pinellas Suncoast Fire & Rescue District is seeking interested parties to serve on a Community Based Stakeholder's Task Force. The mission of this group is three-fold: to identify any additional opportunities for operational efficiencies; to explore current and future funding concerns; and lastly, to identify funding strategies that are fair and equitable to the taxpayers while ensuring sustainability for the District. This direction was established by Pinellas Suncoast Fire & Rescue District Commission.

The group would be meeting twice a month for an undetermined period of time. The dates/times of the meetings, duration of the meetings, further details, and the "rules of engagement" would be established at the initial meeting. To ensure continuity, it is important that participants commit to meeting attendance as we need to have the varied viewpoints represented.

Per the Commission, the Task Force will include the Fire Chief, the District's Finance Director, the Board Chair, and a single representative from each of the following areas. The unincorporated area of the District (Oakhurst) will have two representatives based upon population.

- PSFRD Practitioner (Firefighter/Lieutenant/District Chief)
- Town of Indian Shores
- City of Indian Rocks Beach
- Town of Belleair Shore
- Town of Belleair Beach
- Unincorporated area within the Fire District (Oakhurst)
- Business owner from anywhere within the Fire District
- Rental property owner (multiple units) from anywhere within the Fire District

If you are interested in serving YOUR Fire District in this effort, or if you know of someone who may be interested, **please see that an application is filed no later than December 28, 2017**. The Fire Commission is expected to make appointments at their January 2018 meeting.

I thank you in advance for your interest and wish you a safe holiday season!

Sincerely,

Mike Burton
Fire Chief
